

Fishermen Get The Trout

I'm outside at the Salmon River
With green grass,
Leafy, brown trees,
Blue, transparent water
Cold white rapids,
Wet rocks in the water,
Dry rocks on land.
Brown, hard, mud,
Trout and Salmon hiding in the water.
Our teacher said that trout eat
salmon,
salmon,
salmon.
I see a fisherman and say in my head
Get the trout,
Get the trout,
Get the trout,
So they don't eat our salmon.
